FTSP EXIT DATA

Key Takeaways

PLFS WERE VERY HELPFUL

Most students plan to continue to enroll in PLFs sessions after FTSP, though they did express some uncertainty of how to enroll and concerns about conflicting schedules / being too busy
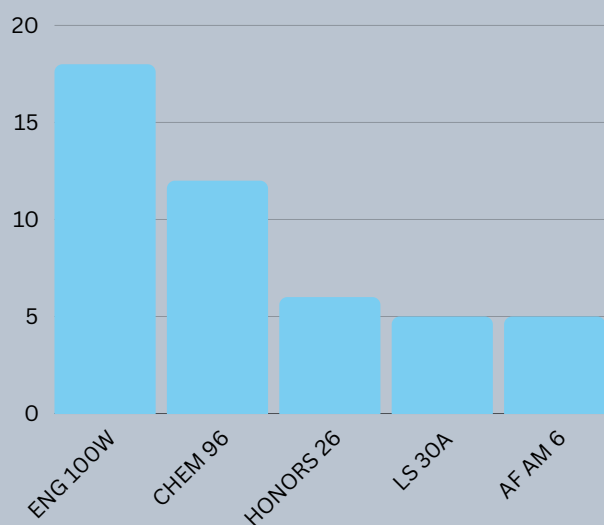

STUDENTS WANT MORE INFORMATION ABOUT TECHNOLOGY SUPPORT

When asked about technology support offered by UCLA, including Bruin Tech Grant, Wifi Hot Spot, etc several students responded that they had never heard of these programs or if they had, it was through programs other than FTSP

PROFESSORS CAN MAKE-OR-BREAK THE COURSE

When asked about their most difficult course, many students indicated their professor's teaching style made the course harder to manage / less engaging. Same can be true of the reverse, students who loved a course often mentioned their professor as a ket reason why

Overview of the most difficult courses this session, according to student responses

"I found out my writing skills were not as satisfactory as I believed them to be. It was a hard readjustment but luckily I managed and am now better prepared"
